

In alignment with new local and national guidance from the Milwaukee Health Department and the CDC, Milwaukee Children's Choir will no longer require COVID-19 proof of vaccinations or a negative test within 72 hours of events for audience members attending concerts. Our masking policies for audience members will be dependent upon and in accordance with the concert venue.

As the pandemic is ever evolving, MCC will continue to monitor local data, and take guidance from the Milwaukee Health Dept., CDC and the larger Milwaukee arts community to provide a safe environment for our choristers, staff and patrons.

If you have any other questions or concerns please feel free to reach out to us at membership@milwaukeechildrenschoir.org
